She just is not ridden enough & we are willing to let her go to the next person that can finish her off in the direction of their choice. She stands 14-3 hands. Registration papers on hand. Ride her or put her in the broodmare band. Great pedigree & conformation. *Owned by Ronda & John Flynn*

"Casper" is our pick to help Miles of Dun It slow down & enjoy an easier life. While "Miles" will continue to breed a reduced number of mares we wanted to pick a son by him that would pass on his genetics. Casper brings the bone and strong structure to his offspring. His disposition is fantastic & being a Perlino he throws the color. Quiet & willing he passes on that Hollywood Jac 86 & Hollywood Dun It on the paternal side. On the bottom of his pedigree he carries some of the greats like Cinderwood Doc (grandson of Sun Frost), Doc Olena & Peppy San Badger. We are liking what we see in his first foal offering.
